SCHOOL RIGHTS

1. **Each student has the right to be safe: physically, emotionally, and intellectually.**
2. **Everyone has the right to learn.**
3. **Absolute integrity is required of us all.**
4. **Everyone has the right to mutual respect.**

Physical safety is of primary importance. Any student interfering with the safety of another will be considered as a serious breach of expectations and will result in a notation on the student's permanent record, suspension, and/or expulsion. Emotional safety is essential for the well being of all students. When this is disturbed by such behaviors as teasing, harassment, put downs, etc. it compromises the entire learning process. Each student has the right to learn. Disruption to class includes excessive tardiness. When an individual interferes with the rights of another s/he will have to be removed from class. Academic integrity is expected of all EPCDS students. All work is expected to be the student's own unless otherwise indicated. Plagiarizing, copying, or otherwise presenting any work as one's own that is not, will result in a notation on permanent records, suspension, and/or expulsion.

I have read the El Paso Country Day School Student and Parent Handbook available online at www.epcnds.org. I understand that I will comply with the information contained within and as listed above.

Behavior standards for the computer room are very strict in order to ensure the safety of the students and to protect the computers. These standards are discussed the first class day in the computer room. Violation of these standards will result in the logical consequence of restricted computer privileges until the student has demonstrated increased respect for the facility.

Students are expected to:

- Respect hardware and software,
- Respect all data stored on the hardware, including another student's work,
- Use the Internet appropriately,
- Each student is required to have his/her own USB Flash Drive for document storage,
- Use the school computers as needed to complete homework assignments when the computer lab or office computers are available,

Students may **not**:

- Install hardware or software on EPCDS equipment,
- Have food or drinks in the computer lab or near computer equipment,
- Play computer games on the school computers which do not pertain to the day's lesson,
- Use home computer failure as an excuse for not turning in homework on time.
- Use EPCDS computers for e-mail, instant messaging or other personal use.

- Cyberbullying in and outside of school will not be tolerated. All electronic devices may be searched by El Paso Country Day School staff.

- I acknowledge that my child accepts the responsibilities for and complies with the guidelines for computer use as stated above and as set forth in the Student and Parent Handbook (available online at www.epcnds.org).

Hot Lunch Program

- Each card has twenty (20) lunches and may be purchased for \$120.00.
- The card will be punched each time it is used and you may purchase several cards at one time.
- Each card should last approximately one (1) month (*if used daily*) and will be kept in the school office for student convenience.
- A menu will be issued at the beginning of each month.
- Students will be notified when the card is about to expire.

- A student will not be permitted to purchase lunch if their card has expired.

School T-Shirt

Throughout the school year, there are many occasions where students are required to wear school T-shirts: class trips, Sports Day, TV commercials and a variety of other events. Wearing our T-shirt as a group encourages school pride and is exemplary of school unity. The official school T-shirt will be required for these types of events. If you purchased one this past year and it still fits, you do not have to purchase a new one.

I understand that if my child does not wear his or her school T-shirt when required, EPCDS will provide one and bill it to your account.
